Gregory A. Carvalho

Senior Frontend Developer & Designer

Current work experience:

June 2020 - current

Frontend Developer – CharlieTemple Europe B.V

- ❖ Developed a headless frontend for CharlieTemple using the api from the current e-commerce platform provider.
- ❖ Worked on improvements to existing components on both the monolith site and the headless React/Nextjs site.

Past work experience:

March 2010 - November 2019

Frontend Developer - CaribMedia N.V., Aruba

- ❖ Planned, managed, designed and developed over 50 client projects. The majority of which were WordPress websites with custom built themes and plugins.
- ❖ Developed WordPress themes and plugins to facilitate and speed up client website development.
- ❖ Improved efficiency of projects and delivery times by 40% by developing reusable code, components, and processes.
